

Dear Parents: Welcome to the Ottawa YMCA Before/After School Adventure Club!! This booklet is a brief explanation of our program. We offer a Before/After School Program at the YMCA for children attending Central, Jefferson, Lincoln, Marquette, McKinley, and Shepherd Schools and on-site at Wallace Elementary and Grand Ridge. We also offer an After-school program only at Marseilles Elementary School. You can sign up for Before School, After School, or both. At the Y our children participate in a balanced program of open play and structured activities. Every activity is designed to spark your child's imagination and encourage lifelong positive values. Program components may include but are not limited to recreation, health enhancement, arts and humanities, nutritional snacks, service learning, character development, and homework assistance. YMCA Before and After School staff members ensure that children are given a unique mix of activities that focus on developmental assets which are the building blocks that teach children how to make positive decisions.

## Important Information about our program:

The Ottawa YMCA, Grand Ridge, Wallace, Marseilles and Ottawa School Districts feel that the School Age Child Care Program (CCAP) is a very valuable service to the guardians of the students. The Before and After School Program is not licensed or regulated by DCFS. We are a licensed exempt program that is an extension of the school experience. The facility engages and complies with the background check and clearance procedure through Illinois Department of Human Services CCAP. Firearms are prohibited from YMCA premises. The School Age Child Care Program will provide your child(ren) with a safe environment
